**FAQ Sheet**

# Communications at work for you

## ARE YOU THROWING AWAY MONEY TODAY?

### Frequently Asked Questions to help you get started

*What do we need to get started?*

An iOS (Apple) or Android Phone and any other device that is connected to the Internet (PC, Tablet, etc.)

*What hardware do we need to buy?*

None whatsoever. Say goodbye to expensive hardware with complicated service contracts.

*Where do we get the app?*

Depending on your device, either iTunes or Google Play

*Is there a cost for the app?*

Nope! Download the app for free – the cost is covered in your subscription agreement.

*Does Lynx™ require a contract?*

No – no contract is required. And no term requirements means NO 'Early Termination Fee' penalties!

*Is this easy? Can we set this up ourselves?*

Yes, of course! Your business can be up and running with Lynx™ in as little as five minutes.

*Is there any limit to the number of users we can add?*

Not at all! Easily add (or remove) additional users anytime as your business requires. There is no limit.

*Can seats be reassigned?*

Of course. As employees come and go you simply use your Lynx™ dashboard to reassign phone numbers!

*Can we get a discount for volume?*

Absolutely! Lynx™ offers special pricing from time to time, as well as special rates for government users. For better value you can also bundle Lynx™ with TotoWireless. Call for details!

*Is there any charge per minute of talk time?*

No. Absolutely not! You've already paid for your voice. Why pay again?

*Our employees use several different carriers for cellphone service. Will Lynx™ work with any?*

Yes – we work with any carrier! Lynx™ works across all carriers in all parts of the world.

# Delivering Toto Accountability

## FIRE YOUR PBX BUT KEEP ALL ITS FEATURES FOR YOUR MOBILE PHONE.

Toto Lynx™ is a fully mobile solution delivered via an application on your Company-Liable or BYOD smartphone.

### DELIVERING BENEFITS
